PLANS MADE FOR
HARDING MEETINGRepublican Presidential Candidate
From Ohio Will Deliver Address
in Court House Saturday

WILL BE HERE FOR FIVE HOURS

"American Day" Will Probably be
Fittingly Dealt With by the
Senator From Ohio

Senator Warren G. Harding of Marion, Ohio, candidate for the republican nomination for president, will speak in the court room in the court house Saturday afternoon at one-thirty o'clock. It was announced today when definite arrangements were made for the meeting.

Senator Harding will be the only presidential candidate to appear in Rushville during the primary campaign and republicans are making arrangements for a rousing meeting.

In view of the fact that Governor James P. Goodrich has proclaimed Saturday as American Day, it is expected that Senator Harding will devote some of his speech to this subject. Senator Harding is an advocate of straightforward Americanism and will doubtless take advantage of the opportunity of emphasizing adherence to American principles and devotion to American ideals as one means of ending the present-day ailments of America.

Senator Harding will come here directly from Indianapolis, arriving about 11:30 o'clock over the C. I. & W. Following his address here, he will motor to Shelbyville for a meeting at 4:30 o'clock and will go from there to Indianapolis where he speaks in Tomlinson hall Saturday night.

Previous arrangements were for Senator Harding to address a noon meeting at Connersville and come here by motor for the one-thirty speech, but Connersville asked for the Harding meeting to be changed to Monday when Soldiers Day will be held there. Senator Harding very readily consented to the change.

A committee is being organized for the Harding meeting here to complete details for the reception and entertainment of the senator. A committee will also be named to make arrangements for music at the meeting.

It was announced this morning that Mrs. Harding would probably accompany the candidate to this city for the meeting, and in that event, a committee of Rushville women will be selected to entertain the senator's wife during her stay here.

PROBES STRIKE SITUATION

Judge Ames Conducts Hearing Behind Closed Doors in New York

(By United Press.)

New York, April 27.—Federal inquiry into the strike situation in New York was conducted today by Judge Ames, assistant United States attorney general.

Ames planned to make a thorough probe of not only the "outlaw" strike of railroad employees but also of the strike of longshoremen and steamship clerks.

The inquiry was being conducted behind closed doors.

PROPOSAL LIKELY
TO BE REJECTEDAdministration Spokesman Indicates
America Will Not Accept Armenian Mandate

POSITION OF THE SENATE

Ambassador's Report of San Remo
Proceedings Laid Before Cabinet Meeting Today

(By United Press.)

Washington, April 27.—Rejection of the allied proposal that the United States accept the mandate for Armenia was forecasted today when Senator Hitchcock, administration spokesman, stated that he did not believe that the American people would sanction such a proceeding.

It is believed the senate will take the position that allied statesmen have striped the near East of everything they wanted and will offer to the United States the mandate of Armenia, which would probably involve America in a large expenditure and possibly war.

Washington, April 27.—Ambassador Robert Underwood Johnson's report of the supreme council's proceedings at San Remo in which he acted as an unofficial American observer, was to be laid before President Wilson at the cabinet meeting called for this afternoon.

Johnson's report was received today at the state department.

Although no hint of the nature of the report was to be had from official circles, it is believed it contained important confidential information on the deliberations and conclusions of the allied premiers at the San Remo meeting just concluded and also the allied arguments in favor of the United States accepting the Armenian mandate.

AMERICANS QUIT MAZATLAN

All Who Desired to Depart From
Mexican Town Left April 23

(By United Press.)

Washington, April 27.—All Americans who desired to depart, left Mazatlan on the west coast of Mexico, April 23 and are due to arrive in California tomorrow, the state was advised today.

A clash between rebel and federal forces for possession of Mazatlan is thought to be imminent.

DRIVER IS UNKNOWN

An article appearing last night regarding an accident in front of Holt's grocery store, when a machine struck Albert Leisure, said the car was driven by Don B. Looney. This has been denied by Mr. Looney, and the driver so far has not been identified. Mr. Leisure was not injured as the automobile was driving slowly.

HAD PTOMAIN POISONING.

Mrs. Albert Dickey and two children, living three miles east of Fairview, were in a serious condition late yesterday afternoon, showing signs of ptomaine poisoning, but this morning their condition was improved. Mrs. Dickey was unable to explain what the family had eaten that would probably have caused them to be poisoned, and it is said that prompt medical attention was all that saved their lives.

INSPECTORS FOR
ELECTION NAMEDInstructed to Call For Supplies for
Primary Election at Clerk's Office
Saturday

BALLOTS BEING PRINTED

Names of Unopposed State and Congressional District Candidates
Will Appear

The inspectors for the primary election in Rush county next Tuesday were announced today and are instructed to call at the clerk's office in the court house Saturday and get their supplies.

The inspectors are all republicans, in accordance with the law which provides they shall be taken from the party winning at the last previous election. The remainder of the election officials, six in each precinct, are divided equally among the two dominant parties. The other officials in addition to the inspector, are two judges, two sheriffs and two clerks.

The ballots will be ready for distribution among the inspectors by Saturday. No candidates for judicial, county, township or precinct offices are being placed on the ballot where they are unopposed, but on the congressional and state tickets the candidates names will appear regardless of whether they have any opposition in the primary.

The law has been construed in this manner elsewhere in the state and the election commissioners here decided that was the proper construction to be placed on it. This will result in the names of Senator James E. Watson, Congressman Richard N. Elliott and William Grant Webster of New York, candidate for vice-president, going on the republican ballot. Tom Taggart, candidate for senator, and Will Yarding of Shelbyville, candidate for congressman, will go on the democratic ballot though they are unopposed. No candidates for president or vice-president on the democratic ticket have filed in this state.

The election inspectors are as follows:

Ripley Township, Precinct No. 1, James Terhune; No. 2, Irwin N. Hill; No. 3, Charles White.

Possey Township, Precinct No. 1, A. L. Winslow; No. 2, John Nelson.

Walker Township, Precinct No. 1, Alva Hurst; No. 2, J. L. Smith.

Orange Township, Precinct No. 1, Adam Richey; No. 2, Clifton Wiley.

Anderson Township, Precinct No. 1, Edgar Thomas; No. 2, John B. Kinnett.

Richland Township, Precinct No. 1, Walter Patton.

Noble Township, Precinct No. 1, Ben P. Reeve; No. 2, John McKee.

Union Township, No. 1, Don C. Buell; No. 2, Chester Beaver.

Washington Township, Precinct No. 1, Will Cole; No. 2, B. F. Martin.

Center Township, Precinct No. 1, Charles Stewart; No. 2, Asa Moffett.

Jackson Township, Precinct No. 1, Aaron Kennedy.

Rushville Township, Precinct No. 1, Scott Hosier; No. 2, Frank Abercrombie; No. 3, Wilk Mulno; No. 4, M. V. Spivey; No. 5, Luther Caldwell; No. 6, Wash Allen; No. 7, Noah Webb; No. 8, R. H. (Hoe) Berry; No. 9, John Walker; No. 10, Alfred Looney.

RAY REFUSES TO PLEAD

Indianapolis, Ind., April 27.—When William Ray, alias William Hart, confessed murderer of Martha Huff, was arraigned in criminal court today on a charge of murder in the first degree, he stood mute, refusing to enter a plea. Judge James A. Collins ordered a formal plea of not guilty entered for him.

BANDITS ROB AND KILL.

Hagerstown, Md., April 27.—The bank at Sandy Springs, Md., ten miles from Washington, D. C., was robbed yesterday by auto bandits who shot and killed Frank Hollowell, bank-in-law of the resident of the bank, and escaped with all the money in the vaults, according to reports reaching here late today.

"OUTLAW" STRIKE BURNS OUT

American Express Co. Has Authority to Accept Shipments With
Certain Limitations

(By United Press.)

Chicago, April 27.—Manufacturers today declared the strike of outlaw material and prevented the shipment of finished products.

Railroad officials claimed that freight was moving 90 percent of normal.

As the result of the "outlaw" strike of railroad men gradually burning out, local shippers are beginning to get some relief from embargoes which were so closely drawn a few weeks ago. The express lines are making changes every day in their rules, gradually loosening up on their restrictions, which indicates a rapid return to normal conditions. The railroad likewise are clearing up congested districts and the embargoes are being modified or entirely removed.

The American Express company has been given authority to accept business for all points with the exception of a few cities and the Republic of Mexico. For some destinations, however, shipments are accepted subject to delay.

Instructions received at the local office of the express company from the executives say that it will be possible to handle shipments which do not weigh over two hundred pounds each and this weight limit may be exceeded under certain conditions.

An emergency shipment weighing more than two hundred pounds will depend on its importance, destination and the condition of the transfer points through which it will be required to pass. By emergency shipments is meant the following general classifications, according to the express agent in Rushville:

Government shipments, perishables, nursery stock, seeds and drugs, surgical supplies, motion picture films, caskets and funeral supplies and money.

The two hundred pound embargo is on single piece shipments. One single shipment weighing a thousand pounds may be sent by one firm to the same destination providing it is divided in containers so that each one does not weigh more than two hundred pounds.

No shipments for Cleveland, Ohio or Berrien Springs, Michigan, will be accepted. It is now explained why nothing can be sent to Cleveland. The Berrien Springs office is closed for the present. Neither will anything destined for Fort Worth, Texas or transfer be accepted. Shipments for all points south of the Ohio and east of the Mississippi are accepted subject to delay. This is due to the difficulties yet to be encountered at the different junction points of railroads.

The acceptance of shipments going through Chicago shows this connecting link with the northwest has returned to normal and gives an outlet to a wide range of territory beyond.

The improvement in freight traffic has not been so marked. Some railroads have made their embargoes less stringent and all are trying to put through foodstuffs, livestock, fertilizer and garden seeds with the least possible delay.

SOCIALIST GETS TWO YEARS

Minneapolis, Minn., April 27.—Jacob O. Benfall, Socialist candidate for Governor of Minnesota, on conviction for violation of the espionage act was sentenced to two years in the Federal prison at Leavenworth, Kas., by Judge Page Morris in United States District court today. The specific charge against Benfall was that he obstructed the army and navy program by a speech made July 31, 1917, at Hutchinson, Minn.

FALLS FROM STEP LADDER

Mrs. Hugh Beaver is Taken to Indianapolis Hospital for Examination

Mrs. Hugh Beaver, living a mile south of Fairview, fell from a step ladder yesterday afternoon at her home, and sustained a broken arm, just below the shoulder socket. Mrs. Beaver was engaged in housecleaning and slipped from the top of the ladder. Dr. J. E. Walthers of Glenwood was summoned and reset the broken right arm, but Mrs. Beaver continued to suffer much pain and this morning she was removed to an Indianapolis hospital where an X-ray examination will be taken, which will probably disclose some further injuries.

INCREASES DUE
TO "TOM'FOOLERY"President Homer Ferguson Speaks
at Opening of U. S. Chamber
of Commerce Conference.

CITES CAUSES FOR H. C. OF L.

Corporation Baiting, One Form of
Which is Railroad Legislation,
Partly Responsible

(By United Press.)

Atlantic City, April 27.—"The high cost of living may be attributed in part to corporation baiting," President Homer Ferguson told the United States Chamber of Commerce at the opening of its conference here today.

"Those responsible for corporation baiting are making the most noise about profiteering," said Ferguson.

A great deal of the increase in the cost of living is due to "tom foolery," he declared.

Ferguson cited railroad legislation as one form of corporation baiting.

The nation's railroads now are in such shape, the speaker asserted, that grain can not be hauled to market and coal can not be mined but four days a week because of the car shortage.

Today's market of food in the area around Hampton Road can not be hauled to market.

Ferguson condemned the federal tax system, when he said the organization would poll the chamber of commerce in all cities for the proposed changes in the tax laws.

The United States Chamber of Commerce would go on record as opposed to the granting of a bonus to soldiers who served in the world war by adoption of a resolution submitted for action by the resolution committee at the opening session.

The resolution declared that "not only 500,000 negroes in the south, who probably would receive \$500 or \$600 each, would immediately quit work until the money was spent," but predicted that there would be generally "an orgy of spending" that labor would be disorganized and production decreased.

The chamber also received a report of its national committee on European finance in which it was asserted that while American bankers and business men are friendly toward aiding in the rehabilitation of Europe by private investment, no such action can be looked for until peace has been formally concluded and the United States government has adopted a definite policy of sanction and co-operation.

UNDERWOOD IS ELECTED

Unanimously Chosen Democratic
Leader of the Senate Minority.

(By United Press.)

Washington, April 27.—Senator Underwood of Alabama today was elected democratic leader of the senate by a unanimous vote of the minority.

The caucus in which Underwood was selected lasted five minutes.

Underwood said he had no statement of the policies to make at this time. He intimated that another caucus may be held to discuss party plans.

DAY IS IMPORTANT
IN PRIMARY DRIVEThree Elections Are Being Held in
Addition to Two Republican
State Conventions

258 DELEGATES TO BE NAMED

Primaries Are Held in New Jersey,
Ohio, Massachusetts—Conventions
in Idaho, Washington

(By United Press.)

Boston, Mass., April 27.—First returns from the Massachusetts presidential primary today showed delegates to the Republican national convention pledged to support Major General Leonard Wood were running behind.

The town of Carver reported the following votes:

Senator Lodge, head of the "regular" state 17; Samuel McCull, pledged to support Herbert Hoover, 16; and three others running with Lodge on the regular ticket, a total of 37.

New York, April 27.—Today was the most important single day in the pre-convention campaign to date.

There were being held three republican and three democratic primaries and two republican state conventions at which 146 republican and 112 democratic delegates will be selected as follows:

New Jersey primaries, 28 republican and 28 democratic delegates; Ohio primaries, 48 delegates each; Massachusetts primaries, 35 republican and 36 democratic delegates; Washington convention, 14 republicans; Idaho convention, 8 republicans. The day was featured by Senator Hiram Johnson's "last ditch" fight to carry New Jersey and win a foothold in the east and by Major General Wood's invasion of two favorite son states.

Wood has disregarded one of the unwritten laws of practical politics by carrying his fight into "favorite son" territory in Ohio and Massachusetts as he did in Illinois. In Ohio he is opposed by Senator Harding. Their names are the only ones on the republican ballot.

An entire slate has been put up in Massachusetts by the Wood organization. The rival candidates are unopposed but are known to favor Governor Calvin Coolidge, with one exception. This is a candidate for delegate-at-large who is understood to be for Hoover. Wood is also working for endorsement of the Idaho and Washington delegations. In Idaho he is opposed by Senator William Borah, who is stumping the country for Johnson. Senator Miles Poindexter is the "favorite son" of Washington. But he has competition in the state convention from Wood, Johnson and Hoover.

Governor James Cox is the only candidate on the ballot in Ohio. Governor Edward I. Edwards is supposed to have everything his own way in New Jersey and William G. McAdoo is supposed to have the support of the Massachusetts democrats.

EXPLOSION WRECKS
DES MOINES GAS CO.Three Men Are Killed, One Man
Believed Fatally Injured and
One Missing in Debris

ORIGIN IS NOT DETERMINED

(By United Press.)

Des Moines, Ia., April 27.—Three men were killed today when an explosion wrecked the plant of the Des Moines Gas Company here.

One man was believed to have been fatally injured and another was missing in the debris.

Fire swept the plant following the explosion. The origin of the explosion has not yet been determined.

The Des Moines gas service was interrupted by the blaze. Newspapers and other plants depending upon gas supply were forced to suspend temporarily.

CASE IS CONTINUED
IN SQUIRE'S COURTAlbert Goddard Denies Charge of
Assault and Battery and Racing
Horse on Highway

WOMAN WAS KNOCKED DOWN

Albert Goddard, son of Will Goddard, living south of Rushville on the John H. Frazee farm, was brought in Squire Steeh's court this afternoon on two charges, one for assault and battery and the other for racing his horse on a public highway, and after an explanation on his part, the case was continued.

On Tuesday April 20, Mrs. Emma Houchins, wife of E. O. Houchins, was walking along the brick pavement near the South Main Street bridge, when two horses and buggies came racing along, and one of them struck her, knocking her down and causing her injuries. Goddard denied the charges this afternoon and the state is of the opinion that the wrong person was arrested, and the case will be continued.

ULTIMATUM TO STRIKERS

Detroit, April 27.—Striking switchmen and yardmen on all Michigan railroads affected by the "outlaw" strike will lose their seniority rights unless they return to work before 6 p. m. today, according to notices posted by the roads.

Last Week a Traveling Salesman Told Us

that we were spoiling his business in Rushville. He said that when pricing his goods in other stores, the buyer often remarked that he could buy certain articles for less at Allen's.

While this is not true of everything in our store there are many things that on account of our large output we are able to buy as cheaply as the wholesaler, and our customers get them at about the same price as the average retailer pays.

"Overland Red" at the Mystic

"Overland Red," the widely read novel by H. H. Knibbs, has been adapted to the screen and produced by Universal with Harry Carey as the star. The photodrama, said to be among the best yet presented by the famous Ace of the Saddle, is to be shown at the Mystic theatre today.

Harry Carey as Overland Red, appears this time as a knight of the road who finds a dying man on the desert. The man dies. In his pockets are gold nuggets and a queer map, evidently indicating the location of a secret mine. Red later attracts the attention of Louise La Charrie, an eastern girl going west to live. A dishonest sheriff, who suspects the presence of a gold mine, arrests Red for the murder of the prospector in the hope that he will divulge the secret, but is outwitted through the aid of the girl. After a series of the most thrilling situations, in which humor and romance are cleverly mingled, Red, gaining wealth from the mine, finds delight in the happiness of the people he has befriended.

Pastor And His Wife Honored • At Crystal Wedding Anniversary

Following Reception, Guests at St. Paul's M. E. Church Are Entertained With Delightful Musical Program by Schmidt Sisters of Newcastle.

A number of beautiful gifts of gold, silver and crystal and three hundred guests attending the reception given by the Rev. and Mrs. C. S. Black celebrating their fiftieth and crystal wedding anniversary were significant of the number of friends that the past and present have made during their stay of ten and a half years here. The occasion was held at the St. Paul's M. E. church and the guests included the members of the church and their families, friends from Miami and Cleveland, where the Rev. and Mrs. Black had lived, and a number of others near by towns.

The guests were greeted by a reception line which stood near the entrance, decorated with a number of roses. Following the informal recep-

tion, they were invited into the auditorium of the church where a delightful program was given by the Misses Barbara and May Schmidt of Newcastle, Ind.

For the entertainment, the platform had been banked with ferns and spring flowers. At the conclusion of the hour and a half's program, refreshments of brick ice cream and cake were served to the guests and a social time followed.

The program given by the Misses Schmidt, delighted the hearers from the first number until the last. The entertainers are remarkable, not only for their versatility but for their marked talent in each of their accomplishments. Both of the girls, though young, are pianists, readers, and vocalists. The attractiveness of their program can be credited to the pleasing personality of the entertainers, to the variety of the program and to the excellence with which each of the clever numbers was given.

Miss Barbara Schmidt opened the program with a group of vocal numbers, in which she displayed a clear and musical voice, and which she was accompanied by her sister, a talented pianist. She followed these with a reading "At the Photographs", in which she intimated every imaginable type of person with ease and remarkable naturalness. Miss May Schmidt's piano numbers, well selected and excellently rendered, followed and then the two girls sang several vocal duets.

The little sketch, in which a doctor's office was the scene, came next and then came the "air" of the evening in Miss Barbara Schmidt's clever musical monologues. The piano accompaniments were played by her sister and the personifications were excellent and unusually well done. A piano number by Miss May Schmidt a dramatic reading by Miss Barbara Schmidt and the piano duo played by both ended the delightful program. The Misses Schmidt are sisters of Mrs. Fred Beale of this city and having visited here a number of times, have a number of friends here.

The following toast, written for the occasion, was read by Miss Barbara Schmidt and written by one of her pupils, Genevieve Lawless of Newcastle:

Old friends, true friends, one and all have gathered here today. To see your faces, clasp your hands, do this your crystal wedding day.

There's no rose dream of luxury, Nor old memories call. But the steadfast tie of friendship, The strongest tie of all. In golden fields of joy and love, Touched with springtime's dew; Thru clouds and showers and circumstances, You two have wandered through.

Days of love and mirth unclouded, Days of life, some dread some glad, Days of sweet exquisite rapture, Mingling joy amidst the sad. Crystal day, this day of gladness, We could not miss this day here. With our tributes and our wishes, With our kindness and good cheer.

In our voices we all are speaking, Forth our greetings and our love To those two who go among us, On their missions full of love.

HOMER DEFEATS THE TUGS

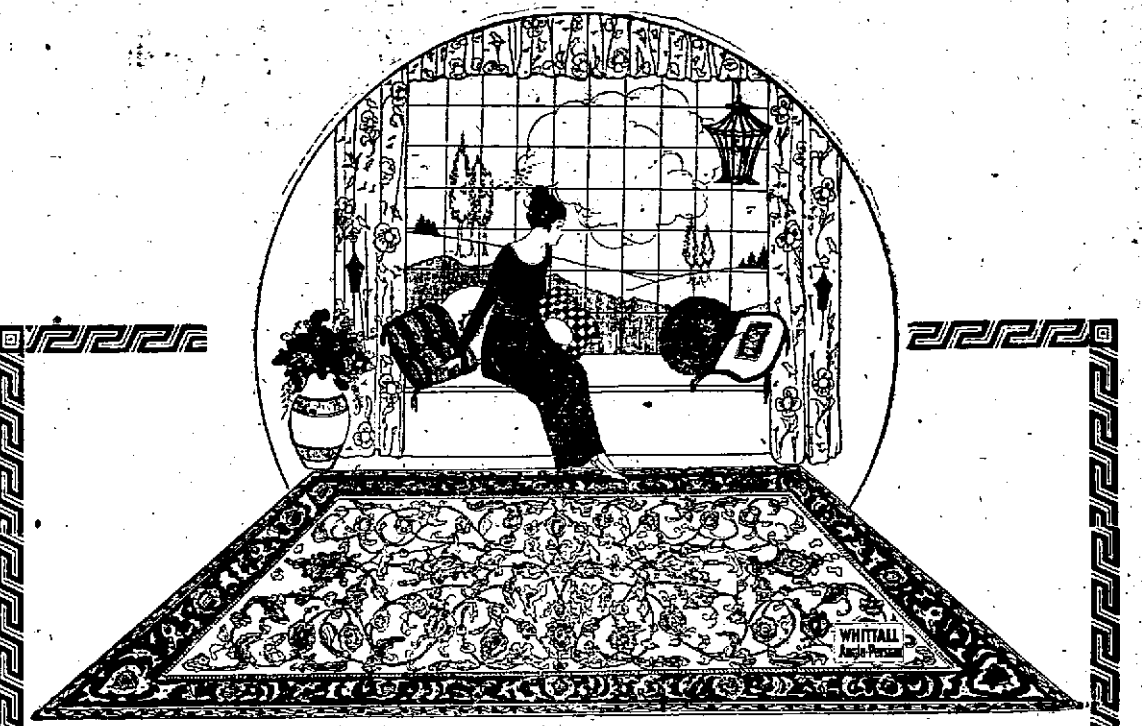

Wins From Colored Team at Blue Ridge by Score of 7 to 6

The Homer baseball club opened the season Sunday at Blue Ridge by defeating a team of colored players, known as the Indiana Tugs, from Shelbyville, the score being 7 to 6. The game was tight throughout, and despite the fact that the colored team's pitcher struck out sixteen batters, the Homer players easily hit the ball when most needed. The Tugs proved unequal in hitting the ball. The colored team is making arrangements to schedule a game with the Rushville Tail Lights and will strengthen their line-up in the meantime.

Weak Women

If you are Tired, Over-Worked, Run Down, Vinol, our Cod Liver and Iron Tonic, will help you.

Mrs. Hatcher Says So

So, Hatcher, Tenn.—"I was in a weak, run-down condition, no appetite and could not sleep. I took school and could hardly keep around. A friend told me about Vinol and it stopped my cough, gave me a good appetite and built me up so I feel stronger in every way." —MRS. C. F. HATCHER.

Weak who are "run-down," have no lack energy and working strength should take Vinol as it contains Beef and Cod Liver Peptones, Iron and Hypophosphites, the very elements needed to restore a lost appetite, enrich the blood and create strength.

WOULD CHECK SPECULATION

Department of Justice Working on Sugar Situation

(By United Press.)

Washington, April 27.—A new plan for checking speculation in sugar is now being laid by the department of justice attorneys and several members of the federal trade commission and will be submitted within a few days, it was learned today.

Such a measure is being planned for presentation as soon as the result of the department of justice's conference with sugar refiners becomes known.

Sure Signs of Storms.

A sudden and local motion of the air, not otherwise seen but by its whirling up the dust on a dry road in calm weather, in the manner of a waterspout, is a sure sign of a coming storm. When swallows fly low it is a sign of approaching rain. This is accounted for by the fact that before rain insects which are the swallows' food fly very low, and the swallows always fly where their food is.

Soldier Bonuses

Congress is between the devil and the deep sea on bonus legislation. On the one hand, the American Legion has been making a loud demand for "beneficial legislation" of some sort and congressional patriotism can always be counted on where the soldier vote is at stake. On the other hand, however, there is the ever-present specter of a five-billion deficit and the congressional ear, always close to the ground, has been hearing the distant tramp, tramp, tramp of another army—some millions of enraged taxpayers marching to the polls next November. Between these two difficulties, the actions of Congress have been like the antics of a hen on a hot griddle.

The executive committee of the American Legion put up to congress a fourfold optional plan of legislation and finally the house ways and means committee took the bull by the horns and decided to report on a measure providing a cash bonus with an extension of vocational aid to soldiers, embodying two features of the Legion's plan. They also decided to raise the money by taxation instead of a bond issue and five subcommittees were set to work on the details of the bill. As there are not less than sixty-eight bonus measures before the committees, it is clear that congress is alive to the benefit of the soldier vote, but inasmuch as the cash compensation of \$1.50 for each day of service demanded by the Legion would cost \$2,000,000,000 salons may need more than five subcommittees to find the funds. Assistant Secretary of the Treasury Lefingwell estimates that a doubling of the moral rate of tax on individual and corporation incomes would yield only \$852,954,945 and nobody wants his income tax doubled. So there is talk of a tax on luxuries or a sales tax. But luxury taxes do not yield much, and sales taxes put the cost on the common people, who are extremely numerous when it comes to voting, and who are already angry enough about the cost of living. Anxious congressmen with soldier constituents are therefore entitled to prayerful sympathy during these next anxious months, but probably the taxpayer will as usual deserve the greatest amount of sympathy, in the long run.

Baby Coming To Your Home?

The Wonderful Event That Will Bring Much Gladness.

Are you looking forward, dear prospective mother, to the wonderful, glorious time when you shall hold in your arms the little child, which is of your flesh and blood, with feelings of mingling?

Now is the time to get in condition to meet the crisis, and three generations of women have found in the time-honored preparation, Mother's Friend, a grateful, penetrating remedy to prepare their systems to withstand the shock.

The action of this famous remedy is to relieve tension on drawn nerves, cords, tendons and ligaments, to relieve strain and discomforts, such as nausea, nervousness, bearing-down and bleeding pains. By regular use during the period the muscles expand easily when baby is born; pain and danger at the crisis is naturally less and the hours are fewer. Do not neglect the use of Mother's Friend. It is for expectant application only. Is absolutely safe and wonderfully effective.

Write the Bradford-Regulator Company, Dept. N, Lamar Building, Atlanta, Georgia, for their Mother's Friend Book, and obtain a bottle of Mother's Friend from the drug store. It is just as standard as anything you can find.

James P. Britt, captain of the college gun club was in love with a young lady in the outskirts of the city where he attended the university. The old man always left him alone with the daughter and rarely passed even the time of day with him. Of course father had looked him up and had all the dope on him. He was O. K. as a prospective son-in-law. It was up to James and the young lady.

Early in the fall she hunting fever struck father and he secured himself a new shot gun. That evening James happened to call. The old man came in, nodded and granted to the boy and slowly walked up stairs. Unpacking the gun he decided to get James' expert opinion and with that in view started to come down stairs to the parlor, run in bagd.

James just got one glance of father and beat it.

We put in half our time worrying about getting money, and the other half worrying for fear somebody will take it away from us.

The Sunday editions of some of the big city daily papers. In view of the alarming shortage of print paper the size of some of these Sunday editions is profligate in their wasteful extravagance. Section after section is contained in them in which there is practically no element of news, but which are principally made up of gilder-dash and modern bunk.

Each week it becomes increasingly difficult for the country press to secure enough blank paper to print their limited editions, and even that's sky high in price.

If the big dailies would use a little moderation the country editor would not be driven to the point of desperation in his efforts to secure paper stock.

In one of our big cities a citizen wanted an oak center table stained a mahogany finish to harmonize with the rest of the furniture in the room. A workman demanded \$22.50 for the job. Instead of paying it, the citizen bought a can of mahogany stain for \$1.35, a brush for a dollar, and did the job himself in an hour and a half. If other people would use some of the same brand of horse sense the ridiculous cost of existence would soon come down to a sane level.

The American government and private bankers have extended credits to European countries amounting to about eighteen billion dollars. And congress says it doesn't know how it is going to raise the money, to pay a small bonus to our former service men.

Now that woman has been given the right to vote in many states, mere man is confronted with the problem of inducing her to vote.

**Sketch Of Hiram W. Johnson,
Candidate From California**

Newspapermen around the Capitol at Washington will tell you there is not a more serious-minded man in politics than Hiram Warran Johnson. Reporters in California are likely to add that Johnson has been earnest from the day the then obscure lawyer opened his office for general practice in Sacramento.

Johnson, who has been conducting his campaign for the Republican presidential nomination by appealing direct to the people in preferential primary states, is 53 years old. He was born in Sacramento, Cal., where later he and a brother opened a law office. His youth was spent in the California capital. He attended the University of California but was never graduated. In 1886 he was married to Miss Minnie L. McNeil of Sacramento.

Admitted to the bar in 1887, Johnson was known as a fair lawyer, but not one whose business occupied all his time. Even after he moved to San Francisco in 1902, he still was an obscure attorney. It took the famous "hoodling" cases in which Abe Ruef and other city officials were charged with graft resulting from the rebuilding of San Francisco following the earthquake and fire of 1905—to bring Johnson to public notice.

Associated with Francis J. Heney and William J. Burns in prosecuting Ruef, he at first took a minor part in the trials. Later, however, when Heney was shot, Johnson went into court to take the place of the wounded prosecutor, and made such a masterly presentation of the state's case against Ruef that the former official was convicted and sentenced to fourteen years in the penitentiary.

Hiram Johnson was made. Later when a company of thinking men decided to form the Lincoln-Roosevelt League to fight bossism in California, they picked Johnson to head their ticket in the gubernatorial race. Taking advantage of the state's new direct primary laws, they appealed to the people. Dropping his now large law practice, Johnson bent to the task. Neither he nor any of his backers was wealthy, but all were honest.

Winning the Republican nomination in the direct primaries, Johnson began the first hand-wagon campaign. He and his two sons counted the campaign party. One son drove an advance car from town to town, announcing that in two hours the candidate would appear in that town to ask the people's vote for governor. Then the announcer would drive to the next town. Johnson would appear as scheduled, his chauffeur being his other son.

"I am going to win this election," Johnson would say. "I am going to be governor. And my first act will be to kick the bossism out of politics and to turn the government of this state back into the hands of the people."

Johnson's "little red automobile" became known in every hamlet in the state, from the Oregon line to the Mexican border. Large crowds eagerly awaited his appearance. At first ignored by the newspapers, his unique campaign so reached the people, that editors gradually began to scent the trend of public opinion. Johnson was fast becoming the most talked-of man in the state. His race attracted attention all over the United States, and near the end of his campaign his "little red automobile" became the head of a real entourage.

Johnson's majority was more than 20,000 votes. Once in the governor's chair at Sacramento, Johnson demonstrated he was greater as an executive than he even had been as an orator and a campaigner. His cleanup of politics in California began almost instantaneously. Within a few weeks after he was elected he had driven out of the state's pay every

man who had had any connection whatsoever with the Southern Pacific railroad, whose machine had dominated the state for years.

Johnson was re-elected to a second term on his record as a fighting, progressive governor. His majority in 1914 was more than 200,000, or ten times the majority he had polled when he was first a candidate.

Shortly after his second inauguration he had his first encounter with the I. W. W.; then just becoming a menace on the coast. A delegation of I. W. W.'s had paraded the city government of Oakland to pay its way to Sacramento. Its leaders had expected to be able to get enough from Johnson to enable it to move on into the next state. But when the governor, who at first offered to give the men the work they asked for and which they refused, saw their attitude, he ordered them out of town by night.

In the second year of his second term he was prevailed on to run for the Senate. His majority over his democratic opponent was more than 300,000 votes.

In 1912 Johnson aligned himself with the new Progressive Party formed after the split in the republican ranks had taken place in Chicago. He ran for vice-president on the Progressive ticket with Roosevelt.

Senator and Mrs. Johnson have spent most of their time in Washington since Johnson's election as Senator. They live in the old Calvert Mansion near Washington. Johnson's two sons are married and engaged in law practice in San Francisco.

**The New Way
To Put Iron in the Blood**

The highest medical authorities have always taught that iron was the best tonic for the blood and all agree on its great medicinal value. The trouble is that many pills and tonics said to contain iron are not to be relied upon. So that those who wish to take iron as a medicine may have a reliable source of information this announcement is made.

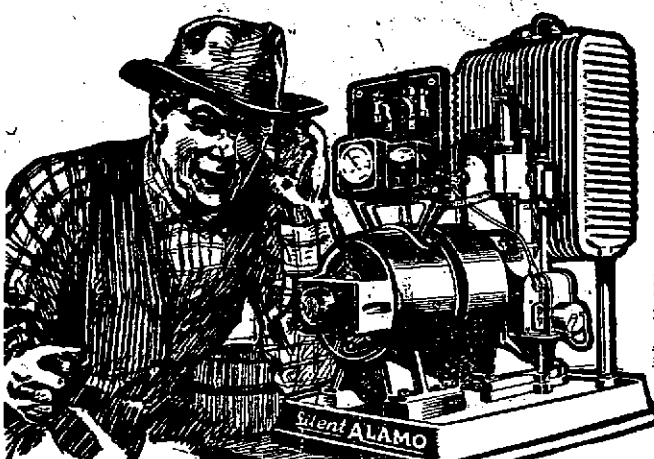

Quick Results Noted

The new way to restore iron to the blood—the surest and most dependable of all methods—is through the use of Acid Iron Mineral. This is a natural form of soluble iron—it is not prepared artificially by chemists like most medicinal iron, but is found in Nature itself, combined with other highly beneficial remedial agents. The story of the discovery of this new form of iron reads almost like a fairy tale and medical science has proved in thousands of cases its remarkable blood-making powers.

Acid Iron Mineral may be procured in liquid form at any drug store. It contains no alcohol or injurious drugs and will not blacken the teeth. It has been especially noted that pale, puny children, weak, run-down persons and those enfeebled by age show improvement and exhibit increased strength almost immediately after starting treatment.

Could See Big Improvement In A Short Time

First Bottle of Vola-Tonic Brought Results—Full of Energy Now.

"After taking just the first bottle of Vola-Tonic I could see a big change in my condition and now I am much improved," said Mrs. Mary Shires, 524 West Seventh street, Cincinnati, O.

"Last winter I had influenza and it left me weakened and run down all over. It seemed like I couldn't get back my strength. My appetite was so poor that I didn't eat much of anything at all and I lost flesh rapidly as a result.

"My nerves were all out of order, too. I couldn't stand the least excitement.

"Vola-Tonic was recommended so highly that I started taking it and, as I said, I could see a big improvement after taking the first bottle.

"My appetite has come back so good now that I am eating real meals again and as a result I am gaining strength. I'm full of life and energy now and, in short, am like a different person in every way.

"My nerves are in much better condition and I sleep soundly nights and get up mornings feeling refreshed.

"I'm glad to tell all my friends about Vola-Tonic because it surely did a lot for me."

Vola-Tonic, "Builder of Strength," is being specially introduced in Rushville at Frank E. Wolcott's.—(Adv.)

Low Shank Now Extending The Healthful Hand

Former Mayor of Indianapolis Passes Good Word Along About Trutona.

Indianapolis, Ind., April 26.—"As a general tonic for building up a weakened and run down condition of the system Trutona is without an equal." These are the words of Low Shank, former mayor of Indianapolis, spoken in what he calls "well merited praise" of the perfect tonic. Mr. Shank is now engaged in the storage business at 227-29 North New Jersey street and resides at 3547 East Washington street.

"I must say that it gives me pleasure to recommend Trutona to those suffering as I did," Mr. Shank continued. "For several years I have been bothered with indigestion and constipation. I didn't have a good appetite, either. I tried numberless medicines in an effort to get relief but to no avail.

"Trutona was recommended to me and I decided to try it. Today, thanks to this medicine, I feel more able to attend to my business than I have in years. I've found Trutona's remarkable medicine for overcoming constipation, indigestion and a weakened condition of the system. I believe I am passing a good word along in making this statement and I feel it's my duty to recommend Trutona."

Trutona is really a medicine of unusual merit. It is unsurpassed as a reconstructive, agency, system purifier and body invigorant, and has been declared peerless as a treatment for stomach, liver and bowel troubles.

Trutona is sold in Rushville at Hargrove & Mullin's drug store. Adv.

The closing day of the school at Glenwood Friday was celebrated with a pitch-in dinner at noon and a literary program in the afternoon by the pupils. The patrons of the school participated in the affair and helped to make it a success. The eighth year pupils who received diplomas on that day were the Misses Dorothy Mauzy, Pauline Link, Elsie Little, Virginia Newman, Martha Laughlin, Vera Reynolds and John Kendall, Robert McGraw, Paul Bever, John Hinchman and Vivian Fielding.

A surprise pitch-in dinner was given Sunday at the home of Mr. and Mrs. Lewis Pate in West Market street honoring the 69th birthday of Mr. Pate. Those enjoying the day were Mr. and Mrs. James Smith and family, Mr. and Mrs. Leonard Pate and daughter Thelma, Mr. and Mrs. Guy Perkins and son Kenneth, Mrs. Lenora McDonald and family, Mr. and Mrs. John Geron and daughters Leah and Inez of Milroy, Mr. and Mrs. Elmer Hilling, Mr. and Mrs. Cecil Hixing and son Richard, all of Richmond, and Edward Pate of Greensburg.

Mr. and Mrs. Frank Dice of Connersville announce the wedding of their daughter, Miss Helen Dice, and George A. Meyer, also of Connersville, which was solemnized in the St. Gabriel's parish, Tuesday evening, April 20, the Rev. Father T. S. Metts officiating. Miss Margaret Peters and Charles Hanri were the attendants. The bride wore a becoming grey tailored suit with accessories to match. After a short wedding trip to Indianapolis, they will be at home to their many friends on South Grand Avenue. Mr. and Mrs. Meyers are well known in this city, having visited here on numerous occasions.

Mrs. Leora Trabue entertained with an informal party from two until four o'clock yesterday afternoon, honoring the fifth birthday of her little daughter Ruth. The guests were Iris Marie Elder, Elizabeth Payne, Mary Hosier, Harriet Lee Endres, Stewart Allen Behout, Mary Jane Camp, William Dean and Loretta Abernathy. The honored guest received several beautiful presents from her little friends. The children played games during the afternoon and at four o'clock they were invited to the dining room where a dainty luncheon was served. The dining table was centered with the birthday cake adorned with candles. Mrs. Scott Hosier assisted Mrs. Trabue.

The following is a clipping from an El Paso, Texas, newspaper, announcing the marriage of Stacey C. Hinkle, son of Mr. and Mrs. Charles W. Hinkle of this city, to Miss Gladys Ruth Gaffield, of El Paso.

One of the most beautiful of the spring weddings took place last night (April 14) at 8:30 o'clock at the St. Clement's Episcopal church when Miss Gladys Ruth Gaffield became the bride of Lt. Stacey C. Hinkle, the Rev. C. S. Seargeant officiating. The church was decorated with stately palms placed on either side of the aisles, and Easter lilies white roses and carnations were effectively used in the chancel. George Deland at the organ played beautiful music as the bridal party entered the church. The bride was charming in a dark blue suit with hat to match and carried a shower bouquet of bride's roses and lilies of the valley. She was attended by Mrs. Milton E. Bates, who wore a handsome navy blue georgette gown embroidered in gold. She carried an arm bouquet of pink roses and sweet peas. The bridegroom was attended by Lt. Abbey, a brother officer from the 164th aero squadron. Mrs. Hinkle is the daughter of Mrs. Murray M. Johnson and has a large number of friends in this city. Lt. and Mrs. Hinkle left last evening for Indiana, where they will visit Lieutenant Hinkle's parents for a month.

The engagement of Miss Florence Thayer Farnham of Montgomery, Ala., and Allan B. Blackledge, son of Mr. and Mrs. John C. Blackledge of Birmingham, Ala., formerly of this city, has been announced, and the wedding will take place next Saturday, according to the following from the Birmingham Advertiser:

The marriage of Miss Florence Thayer Farnham to Allan Hinton Blackledge will be a pretty event of Saturday, May 1, at high noon. The ceremony will be performed by Reverend Leigh R. Scott of the Trinity Presbyterian church in the presence of friends and relatives.

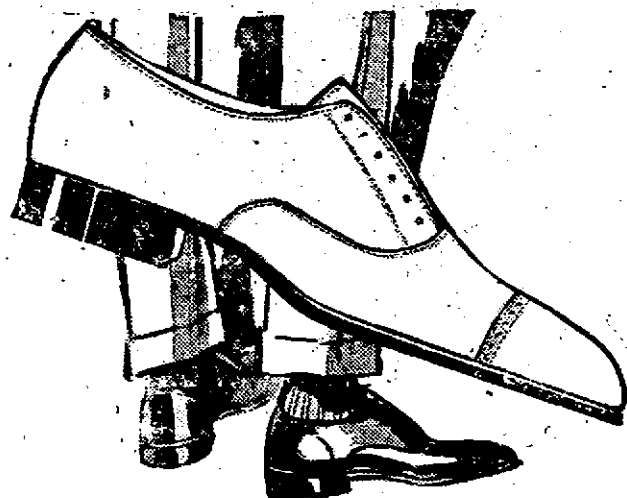

Mrs. J. C. Haygood will play the wedding march, and a number of appropriate selections during the ceremony.

Acting as ushers will be, Harry Allen, James Edison, Arthur Atherton, Jack Peebles, Henry Mooring, and Robert Weiss. The bride will be

THE PRINT PAPER SITUATION

(By United Press.)

Washington, Apr. 27—The United States must take retaliatory measures against Canadian paper manufacturers to protect American industry, Senator Underwood of Alabama Monday told the house foreign affairs committee in opening the hearing on his resolution for a federal commission to handle the print paper situation.

"The Canadians are trying to force all paper mills of the United States into their country", Underwood said. "It is necessary to use a club to protect American interests".

Nearly one hundred newspaper men were before the committee today.

60 Ton Miles of Motor Truck Freight Per Person

DURING 1917 (latest authentic figures available) motor trucks hauled 60 tons of freight a mile for every person in the United States.

Then the country was at war and the capacity of the railroads was overtaxed.

It is doubtful if even a small percentage of this enormous tonnage could have been moved except by motor trucks.

The management of the Standard Oil Company (Indiana), recognizing the necessity of furnishing facilities for supplying gasoline to automobiles and trucks as they traveled through the country, established Service Stations at convenient points throughout the territory served.

These Service Stations perfected the system of distribution maintained by the Company.

The drivers of this caravan of motor trucks which carried the 6 billion ton miles of freight in 1917 would have found their task more difficult of accomplishment had it not been for the network of Service Stations along the way.

While the Standard Oil Company was supplying a substantial share of the fuel consumed by these motor trucks, it also was supplying its regular patrons, and meeting the demands of the United States Government with great quantities of gasoline for war purposes.

Its preparedness and its ability to meet an emergency, however unheralded the emergency may be, serves to emphasize one of the salient phases of the bigness of the Standard Oil Company (Indiana).

ENCAMPMENT IS TO BE HELD MAY 25-27

Veterans Who Attend Meeting Will be Granted Reduced Railroad Fares as Usual

PROGRAM ANNOUNCED ALSO

Total Attendance Expected to be About 3,500—1,200 Veterans are Expected

G. A. R. veterans who attend the state encampment at Bloomington, Indiana, May 25, 26, and 27, will be granted reduced railroad fare rates as usual, according to Department Commander William F. Medsker, of Cambridge City. G. A. Fox, chairman of the Chicago Central Passengers' association, has notified Commander Medsker that the veterans will be charged full rate one way and one-third fare coming back. These rates will be in force May 24 until May 28 inclusive.

The general executive committee is making elaborate preparations. Bloomington will open wide its doors. Indiana University will be celebrating its centennial during the same week, and the city is preparing to make encampment week the gala week of its history.

A general reception will be held for the veterans and the members

HOW AND WHEN TO TAKE ASPIRIN

First see that the tablets you take are marked with the "Bayer Cross."

To get quick relief follow carefully the safe and proper directions in each unbroken package of "Bayer Tablets of Aspirin." This package is plainly stamped with the safety "Bayer Cross."

The "Bayer Cross" means the genuine, world-famous Aspirin, prescribed by physicians for over eighteen years. "Bayer Tablets of Aspirin" can be taken safely for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Joint Pains, Neuritis, and Pain generally.

Handy tin boxes of 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monocetate of Salicylic Acid.

of the auxiliary organizations Wednesday night, May 25. The grand parade is scheduled for Thursday afternoon. The "campfire" meeting will be held in the Methodist church Thursday night, May 26. Addresses will be delivered by prominent officials of the G. A. R. and Mr. Medsker.

Election of officers for next year will be held Friday, May 27. Five candidates are said to be seeking the office of state commander.

More than 1,200 veterans are expected to attend the encampment. All auxiliary organizations, including the Women's Relief Corps, Ladies of the G. A. R., Sons of Veterans and Daughters of Veterans, are expected to attend and are expected to bring the total attendance up to 3,500.

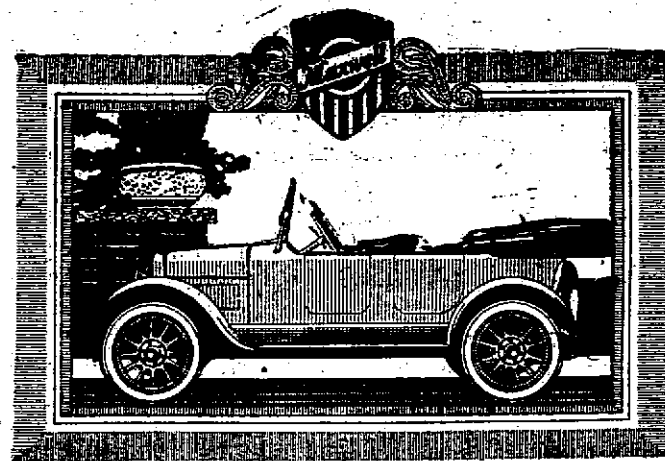

The war department, through the reserve officers' training corps, stationed at Indiana University, has offered to erect 400 wall tents on the campus for the use of the visiting veterans, and many of the old war dogs have expressed a preference for a wall tent rather than occupy the most extensive hotel room in the city.

A drum corps composed of two drummers and three fifers, who have been attending encampments for 40 years, will be one of the features of the gathering.

William F. Medsker, the retiring department commander, is a resident of Cambridge City, where he has been engaged in the practice of law since 1872. He was born in Middletown, Ind., on August 12, 1847, the son of a Methodist minister. As a boy Mr. Medsker lived in various Indiana towns because of his father's itinerancy.

He enlisted, at 15, in the Ninth Indiana Cavalry, but because of his youth his father succeeded in having him rejected within 30 days. Later, however, the young patriot enlisted in Company C of the 75th Indiana Infantry, and was then transferred to Company F of the 42nd Indiana, in which organization he served until mustered out on May 31, 1865.

The lasting friendships made by
MAXWELL
are due to fine steels

You never forget the lasting qualities of fine shoes, fine gloves, or fine furniture. They linger in your memory.

So it is with a Maxwell. The lasting friendships for this remarkable car multiply day by day.

These are friendships built upon steels, fine steels.

Steels that equal, pound for pound, those in any car built.

They are steels that make possible that wonderful combination of light weight and great strength.

For a Maxwell is built to be light in weight. A light car means economical transportation—if its steels stand up.

Therefore, only those steels that are of brute strength combined with quality go into a Maxwell.

That means paying the very top price for its steels.

But it has earned ever-increasing friendships for Maxwell.

It has given impulse to Maxwell sales. It has spread all over the world ready acceptance for Maxwell.

Reduced to figures, it shows nearly 400,000 Maxwells now in operation. 100,000 more in 1920.

Yet this number will supply but 60 per cent of the demand.

Castor Oil Made Tasteless

Thanks to the chemists of *Spencer Kellogg & Sons, Inc.*, one of the world's largest manufacturers of castor oil, you can now get a really tasteless castor oil. Nothing has been put in to disguise the taste. Instead, that disagreeable taste has been absolutely removed. *Kellogg's Tasteless Castor Oil* is the same good old family remedy that your doctor prescribes, but with the nauseating taste removed. Strength and purity remain the same. Don't accept substitutes. Insist on *Kellogg's Tasteless Castor Oil*, laboratory bottled, plainly labelled

HAS ONE TOO MANY TIMES

New Jersey Voters Must Cast Ballots by Standard Time

Perth, Amboy, N. J., April 27—Residents of Perth Amboy, may eat, sleep and work by daylight saving time all they please. But if they vote, they must vote by good old Eastern Standard time.

Election officials at today's primaries for presidential electors predicted considerable confusion would result on account of the two time systems in force. The state law requires car lines and railroads to use Standard time, while dozens of factories, shipyards and foundries in the vicinity go by new time.

City Attorney Goldberger was asked to untangle the tangle. He held elections must go by old time time.

DIFFERENT KINDS OF COUGHS

Bad colds lead to different kinds of coughs. There is a "dry cough," a "winter cough," a "spring cough," bronchial cough, asthmatic cough, and of course, the racking, painful cough to raise choking phlegm. Foley's Honey and Tar gives quick relief in all cases. T. J. McCall, Athens, O., writes: "We used Foley's Honey and Tar in our home for several years and find it almost invaluable for the cure of coughs and colds, and especially for croup, whooping cough, and all the other ailments of children." WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arceine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arceine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

Yes We Sell the Letz Grinder

Because it Stays Sold

A sale is a sale, with the Letz. Farmers don't haul the Letz back after trial, although no machine in the house is more completely guaranteed than the Letz.

10 Reasons Why You Should Buy a

LETZ FEED MILL

- Fine Grinding
- Wet Grain Grinding
- Light Running
- Silent Running
- Quick Changeable Plates
- Self-Sharpening Plates
- Self-Aligning Plates
- Long Life
- Large Capacity
- Efficient End Thrust Bearing

Letz plates shear the grain instead of crushing it, therefore require less power. One farmer tells us he has ground 90 bushels of corn in one hour in his Letz.

We sell the Letz because it does the business.

The Garden farmer will find the Ford Model T One Ton Truck an especially valuable factor in his business because of the flexibility as well as the reliability of the service given by this splendid truck. The worm-drive of manganese bronze carries all the power of the motor to driving the Truck, and there are combined in larger and heavier form all the elements which have made the Ford Model T Car the greatest motor car in the world in point of service. The Ford Truck with its worm-drive is most economical in operation and maintenance. There is very little, if anything, to get out of order at any time; there is the simplicity in control; there is the convenience in the flexibility of the car, it will turn in a circle of forty-eight feet; it accommodates itself to narrow alleys, and it "stands the gaff" of hard work day after day, and month after month, to the great satisfaction of the owner. There is hardly a line of business activity where the Ford One Ton Truck is not really a necessity. Come in and talk it over.
